

The Treehouse grew from a need for local business support at an affordable price. Locally owned and operated, Mundaring Community Financial Services Ltd is the franchise owner of the Mundaring **Community Bank**[®] Branch Bendigo Bank and an active member of the Hills community.

Since it opened its doors in 2002, the Mundaring **Community Bank**[®] has supported the local community through quality banking services, employing local staff and returning 80% of its profit back to the Hills community.

In line with the **Community Bank**[®] ethos, profits from “The Treehouse” will go back into building our community through our Community Investment Program. For more information on our community investment program or how to book your space at “The Treehouse” call our office on 9295 6411.
